More boating, less scrubbing - we have a boat lift to suit you.

Visualise using your boat like your car with the unmatched speed, security, versatility and ease of use of the Sunstream FloatLift. Powerful hydraulics pull the foam-filled polyethylene floats under the boat in as little as 18 seconds with the simple press of a remote control.

In the raised position, the unsinkable floats are automatically secured with patented GravityLock. The floats also make it easy to access your hull and prop for cleaning and maintenance.
